Respondent

Response

increase the size of the text, like it was appropriate at the start but it got on becoming smaller and smaller by the end of the lecture, Thanks

It would be nice if the mic was a bit closer or the volume louder(in the speaker) as the voice was slightly low

Class felt a bit fast. Content was good. The writing could have been bigger, it was a bit hard to see.

Voice is low

the speed was fine mostly at the very end it got a bit fast

When writing notes, I felt prof scrolled away too quickly.

We want a buffer of 5 mins to get into the class
