I am sorry, these last two lectures couldn't be done as properly as I would have liked. Please let me know how your experience was. For instance, how did you find the lesson over Teams compared to in-class lessons? We may have to do one more lesson over Teams so any suggestions you might have, to improve the experience, are welcome.

This was great. I enjoyed it
your explaintion is perfect but im not getting the concepts clearly, not getting
whole idea of concept

dont really know much since i was lagging due to being sick(for both),but
seemed ok
a bit slow and less content covered than usual due to interaction issues i believe
, but other than that all good sir

The lesson over Teams was good. I was able to understand everything that was
taught and follow the class well.
